

A Night at the Races

What is it?

A wallet-testing evening of thrills, oil spills and risk taking. Don't worry though – you'll be playing with someone else's money!

Have a flutter on the gee-gees, race your own mini McLaren for cash or bet on the groovy moves of a pig. An assortment of speed contests that could see you rolling in it before the night is over!

How does it work?

Playing as individuals or as part of a syndicate, each gambler is given an amount of fun money and a race card at the start of the evening. The racing activities are then open to everybody, and the wagers can begin. How do you fancy your chances when a fraction of a second means big money?

The evening is all about enjoyment and the event is informal – allowing guests to have a drink, gamble and network with each other. Customise your Video Horse Racing packaging below by selecting any combination of the following racing activities to bet on.

Gambling Activities

Electric Elvis Pig Racing

I take it we're all familiar with this one. Oh... Really? Alright then – six small furry robot pigs dressed as Elvis shake, rattle and roll on a race track. Bet on your favourite farmyard friend and watch them bust some moves as the music plays. A mad game of chance where the pig is king!

Racing Activities Choices:

Grand Prix – Giant Scalextric

Nyeeeeoww!! Test your skills around this fast and furious six-lane track. Drive deftly around the chicanes, under the bridges and avoid the fencing, grass, and hopefully the grandstand. Bet on who you think will be at the top of the podium and try to avoid the spray from the magnum of champagne. Insurance for an F1 car has never been so cheap!

Remote Controlled Grand Prix

One for summer parties and outdoor events: Race a team of remote controlled cars around a circuit and tear up the tarmac, under the watchful eye of the pit crew and referee. Take control of a compact supercar and edge past your little rivals to win big money!

Video Horse Racing

We provide six to eight races throughout the evening, with each race having eight starters. We will provide a video screen and MC who will ensure your race night runs smoothly. To assist the host we also provide jockey girls who will sell the tote tickets, calculate the winnings and pay out to the winning ticket holders. Races can be run one after another, or spread out over the evening with much needed drinks breaks in between!
