

Themed Evenings

What are they?

Simply put: Nights to remember.

Themed evenings provide guests with top class entertainment featuring original styles. They are an opportunity to share a great evening with colleagues or clients. Whether the party is to celebrate Christmas, summer, achieved company targets, or just for the sake of it – we can arrange exciting bashes with

captivating themes.

How do they work?

To begin with, every party needs to have a venue. It's a fact of life. Either choose your own venue, or use our sourcing service.

The planning then commences:

We love designing the perfect party. In our hands, your evening will be planned and executed to suit your wishes. Whether you want a subtle gathering or flamboyant affair we will concoct a dazzling themed festivity – to exhilarate, engage and astonish your guests.

All aspects of your party will be taken care of. There's no need to worry about theming, transport, setup, invitations and guest lists, lighting, food, AV, props or entertainment. And of course we will be on site to manage the event and ensure it runs smoothly, and is exactly how you want it!

Options for the features of your evening are virtually unlimited. Whether you want pre dinner drinks and canapés, a buffet or full scale feast, DJs, performers and entertainers, casino games, ice sculptures or chocolate fountains – every possibility can be covered.

From gangsters to ghosts, spies to Santas, or pupils to pirates, there is really no end to the themed angles we are able to offer. The only limit is our combined creativity...
